This course, specifically for schools in South East Asia, will give you a clear understanding of the context for the restorative approach and equip you with the skills to enhance your school's pastoral care, increase achievement in a relationship learning environment and strengthen the social and emotional health of students.

This Restorative Justice Council approved live webinar course comprises of ten, 90 minute modules, delivered over a span of 5 weeks. Participant learning takes place through activities, discussion and skills practice. You will learn about:

- The origins, ethos and values of Restorative Practice and how it applies to education settings
- Common intervention models and how the way we intervene can strengthen or fracture relationships
- The neuroscience of shame and the power of empathy
- The needs model underpinning behaviour
- Skills for effective practice
- Restorative Enquiry Questions
- The Art of Engagement
- The two party model of Restorative conversation
- Contrasting Retributive and Restorative approaches
- Skills practice – Facilitation of Restorative Meetings
- Strengthen school culture through a restorative lens
- Restorative Circles, the practice and the links to cultural values
- Assessing Risk
- The role of peer mentors
- Implementation and Culture Change

Each participant will receive a handbook to accompany the course.
